IMAGINATION

Plays the leading part when it comes to buying clothes of a tailor. You imagine they are better, because you are paying more. Now, we do not make to order, but we make to fit; and if you buy here, we make you judge and jury; besides, if the clothes do not wear, if they do not give satisfaction in every way, we give your money back.

The most important point in a suit of clothes-after the quality of the cloth is considered-is the care and skill displayed in making it. On that point alone is based the charges of the highest-priced tailors.

In our New Spring Suits you will find skill, care and taste displayed to an extent far beyond the best previous standards.

\$10.00 for a Suit of Excellent Serviceable Quality. \$15.00 for Better Ones. \$22.50 for Elegant Suits-of Quality Seldom Excelled.

OLD MARSHALL.

Hot Fights Waged for Nominations at Saturday's Primary.

FIVE WILLING TO BE SHERIFF.

T. C. Pipes Vigorously Denies Rumor of His Withdrawal, and Says He in in it to a Finish-Prosecuting Attorneyship and Assessorship Contests Bring Out Big Field of Start-ers-Fight a Friendly One.

The next political scrimmage of interest in this vicinity will be the Mar-shall county Republican primary, which will nominate county officers next Saturday. The Republican nomination in old Marshall is equivalent to election and the candidates are going after the honor with spirit and aggressiveness. For each office there are a number of candidates and so far it has been a contest of friendly rivalry; with no ele-ments of bitterness, each seeking votes on his merits, and all are capable gentlemen that will, if selected, fill the offices to which they aspire with credit to themselves and the county, so that no mistake will be made no matter who is the lucky man, and any one will command the full strength of the party in November.

Naturally the greatest fight is on the head of the ticket, and five men want to head of the ticket, and nive men want to succeed Sheriff Doyle. For this office the candidates are Dr. Steele, of Moundsville; Dr. Dowler, of McMech-en; J. K. Chane, of Liberty district; T. C. Pipes, of Cameron, and George C. Knight, of Moundsville. Mr. Knight does not seem to be very much in touch with his party, and he is not seriously considered in calculating on the nominee. Betting men will have trouble in picking a favorite, although a Marshall county man stated positively last night that the winner "was sure to be a doc-tor or a layman."

Mr. Pipes telephoned to the Intelligencer last night, asking a denial of the rumor circulated yesterday in the inter-ior part of the county, that he had sold out to one of the other candidates. This rumor was quite prevalent in Cameron. Mr. Pipes denounced it as a falsehood and said he was in the fight to stay and was confident of his success. He added that this was the second time the report was circulated to injure his candidacy. Nearly as interesting as the race for sheriff is the fight for prosecuting attorney and assessor for the first of the two county districts. Thomas J. Par-sons, the present incumbent, wants another term as prosecuting attorney, and he is being opposed by Capt. A. L. Hooten, D. Barge Evans and S. B. Blair. The latter was taken sick several days ago and has not yet recovered, but his friends are plugging for him with : will.

Col. John T. Roseberry wants another lense on the first district assessorship and stacked up against him is splendid material. Ex-Marshai Frank W. Porterfield, of Benwood, will have strong support, and Messrs. McCosh and Magruder, the other candidates, have excellent followings. This fight will be one of the closest of the day.

For the other offices, from squire to road surveyor there will be battles equally warm but not possessing much interest outside of their respective dis-tricts. Nominees for the house of delegates are also to be elected. heavy vote will be polled, and some look for a record-breaker.

Last night a number of Riverside coke workers, adherents of Dr. Dowler raised a large banner over the coke plant, which is 160 feet high. The banner bore the inscription, "Dowler for Sheriff."

"When I first tried Postum I was not satisfied with it, but deeded that the fault must be my own, for so many people used Postum and liked it that I knew there was some trouble in my preparation of it, so I examined the directions carefully, and found that I should boil it long enough to bring out the flavor and the food value. When I prepared it right, it was elegant, and I am more than pleased with the delicious beverage I have for breakfast every morning." Mrs. E. M. Pope, 1158 23rd street, Detroit, Mich.

Tribute of Respect.

A tribute of love and respect to the late Mr. H. K. List by the executive committee of the Woman's City Hospital Association:

Mr. List was one of the first men to respond to an appeal for ald to estabdish a home for the care of the sick and suffering, and to his sound wisdom, his unflagging interest and his liberal Christian spirit the hospital to-day owes much of what it is and what it has accomplished.

He maintained a "free bed" in one of the wards, where many patients found the rest and peace so comforting to soul and body.

And his latest gift of a handsome elevator, appreciated alike by physician, nurse and patient, has added much to the working capacity of our hospital and supplied a long fett need, which seemed almost beyond our reach or hopen.

We tender his bereaved family our

We cannot yet realize that we shall see him no more, and that his kindly voice will not again greet us, or his hearty hand-clap give the encouragement so often needed; for he has "entered into rest," passed from his labors to his reward, to that eternal home in heaven, where he shall go no mose out forever.

COMBINE TOBACCO

Said to Have Offered a Big Price for Bloch Brothers' Plant.

PRES. BLOCH DISPELS RUMOR

No Negotiations Are On Looking to Transfer of the Local "Mail Pouch" Concern to the American Tobacco Company — Figure Ru-mored Was \$5,000,000, Two-Fifths to be in Cash.

A rumor was affoat yesterday in the business district that the extensive plant of the Bloch Bros. Tobacco Company had gone into the hands of the American Tobacco Company for a \$5,000,000 consideration, of which \$2,000,-000 was to be paid in cash and \$2,000,000 to be taken as stock in the American Tobacco Company, the tobacco combine.

The local holders of the Broch Bros stock were very much elated over the news, but their hopes were soon blasted, when President S. S. Bloch, of the Bloch Bros. Company, was seen by an Intellirumor, he stated very emphatically that there was no truth in it and furthermore no negotiations to that end were

under way. The Bloch Bros. plant is a very de sirable piece of property and it would not surprise local financial men to find it pass into the hands of one of the larger tobacco companies, as West Virginia Mail Pouch tobacco has beer making serious inroads for some time past on some of the trust brands.

THRILLING RESCUE

Of a Child From Being Run Over by a Train by Elsie Gray.

a Train by Elsie Gray.

The prompt rescue by Elsie Gray, a well known young man, averted a probable fatality yesterday afternoon. Margaret, the four-year-old daughter of Herman Schneider, ran out of the home of her father, in the saloon building of Boadwing & Schneider, at the corner of Market and Sixteenth streets, in pursuit of a pet dog, which ambled across the Baltimore & Ohio track, on Sixteenth street, and the ambied across the batthate a only track, on Sixteenth street, and the child, in her anxiety for the dog, which last week lost a toe by a passing train, did not notice an east-bound freight coming up Sixteenth street. The train was drawn by two engines, and

treight coming up Sixteenth street. The train was drawn by two engines, and was going at a fast cilp.

The quick-witted engineer on Engine No. 576, seeing the child in front, reversed brakes and put on the air brake with great speed, but just as the engine's wheels were about to pass over the girl, Elsie Gray quickly dirted out onto the track and snatched the child out of danger, and in getting out of the way himself his foot caught on a rail and he stumbled, happily, away from the track. With the brakes reversed the engine would have passed its full length over the child, and the engineer's precautions resulted in giving the rear engines and cars quite a shaking up. Elsie Gray was warmly commended for the thrilling rescue by the spectators. the spectators.

Another Child Was in Peril. Assistant Fire Chief William Clator, of the Atlantic engine house, saved a young urchin from drowning in a sewer near the hose house yesterday, during the heavy rain. The sewer covering was raised to allow the heavy flow unobstructed, when the youngster flow unobstructed, when the youngster waded into the water near the sever, and was washed into the hole. Mr. Clator, who was near the scene, suc-ceeded in rescuing the lad from his dangerous position in the sewer man
